Al-risalah Madrasah

Islington Islamic Centre

Rule 1

Clothing must cover the entire body, only the hands and face may remain visible.

Rule 2

The material must not be so thin that one can see through it.

Rule 3

The clothing must hang loose so that the shape / form of the body is not apparent.

Rule 4

The female clothing must not resemble the man's clothing.

Rule 5

The design of the clothing must not resemble the clothing of the non believing women.

Rule 6

The design must not consist of bold designs which attract attention.

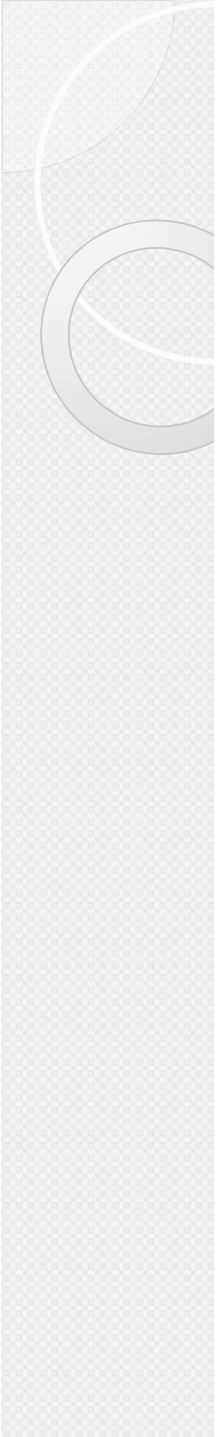

Rule 7

Clothing should not be worn for the sole purpose of gaining reputation or increasing one's status in society.

A non-Muslim man came to a Muslim man asking him why the Muslim women had to cover themselves. The Muslim man brought out two lollipops and unwrapped one and left one how it was. He threw them both on the ground and then asked the man which he would now rather eat and the man replied “the wrapped one of course”. “That is why our women cover themselves with hijab, to protect them from the eyes of men.”

Thank You!
